Welcome to Your ADHD Planner

This planner was designed specifically for how your brain works.
No guilt. No pressure. Just gentle structure when you need it.

There are no dates — start anytime, skip days freely, and come back.
Each page type has a short guide so you always know what to do.

YOUR PAGE TYPES

Daily Focus
Your simplified daily page. Pick only 3 priorities, block your time visually, and brain dump anything swirling in your head.

Weekly Overview
A bird's-eye view of your week. No hourly detail — just key tasks and a quick energy check.

Brain Dump
Unload every thought. No categories, no rules. Just get it out of your head and onto paper.

Mood & Energy
Track how you feel and your energy level. Over time, you'll spot patterns that help you plan better.

Habit Tracker
A simple visual tracker for just 5-7 habits. Small circles — fill them in. That is it.

Weekly Reflection
A gentle weekly review. What worked? What didn't? No judgment — just awareness.

Tip: You don't have to use every page. Use what helps. Skip what doesn't.
